SCHOOL BURGLARY

The Fort Lauderdale Police Department is investigating a school burglary that occurred sometime between 3:00 P.M., Monday, April 8th and 7:00 A.M. this morning. The Northside Elementary School Principal arrived at the school this morning and discovered an entire media cart, containing approximately sixteen (16) laptops, missing.

It has since been determined that the unknown suspects gained access into the school through a classroom window. Once inside the school, the suspects then wheeled the media cart out of the classroom and to a nearby fence. The suspects then unloaded the laptops and left behind the media cart.

Fort Lauderdale Police Department Property Crimes Detectives are working with the school officials on obtaining the security surveillance footage.

Anyone with information regarding the identity of the suspects or the whereabouts of the laptops is encouraged to contact Detectives Sean Reddish at 954-828-5676 or Crystal Brignoni at 954-828-5597.
