SUMMER SAFETY BLITZ

The Fort Lauderdale Police Department is kicking off a City-wide traffic enforcement initiative to ensure the safety of motorists throughout the summer. Summertime in Fort Lauderdale brings citizens and visitors of all ages to our beautiful beach and local businesses.

The “Summer Safety Blitz” program was created to inform the public of the importance in obeying all traffic laws and to be aware that Fort Lauderdale Police Officers will be conducting their usual patrols with a greater emphasis on traffic enforcement.

The “Safety Blitz” will be comprised of Patrol Officers, Motors, Mounted Patrol Officers and speed enforcement vehicles.

Motorists are reminded that a driver’s license is a privilege and adherence to all traffic laws, even those considered minor in nature, is expected. The focus of this “Safety Blitz” is to remind the public of the importance in operating a motor vehicle properly and within the Florida State Statutes

As we enter the summer months, this increased enforcement will build the confidence of our community and increase the public’s safety.
